VETERANS BONUS AMENDMENT PASSES

Combs Plurality Passes 160,000

LOUISVILLE (UPI) — Gov.-elect Bert T. Combs' record smashing plurality in Tuesday's election today continued to creep past the 160,000 mark as a happy climax to a four-year struggle for the governorship.

With returns in from 3,191 of the state's 3,764 precincts, the latest unofficial count gave Combs an immense lead of 160,916 votes — the largest plurality run up in a Kentucky gubernatorial contest. It shades the record 128,000 plurality Gov. A. B. Chandler recorded over Republican Edwin R. Denney four years ago after he had beaten Combs for the Democratic nomination.

The totals were 454,298 for Combs to Robison's 294,382.

A happy, though fatigued Combs, who will be inaugurated Kentucky's 43rd governor early in December, Wednesday reiterated his earlier statement that he and his running mate, Lt. Gov.-elect Wilson W. Wyatt would begin working as a team

William Harris Was In Command Exercise

LUDWIGSBURG, Germany (AP) — Army Specialist Four William B. Harris, 24, son of Mr. and Mrs. Calvert Harris, Route 3, Hazel, Ky., recently participated with the Seventh Army Aviation Group in a large-scale command post exercise in Germany.

The exercise was designed to test unit efficiency under simulated combat conditions.

Specialist Harris, assigned to the group's Headquarters Company in Ludwigsburg, arrived overseas in June 1957.

Harris is a 1951 graduate of Hazel High School and attended Murray State College. He was employed by the Ford Motor Company in Detroit, Mich., before entering the Army. His wife, Anne, is with him in Germany.

Hearing Is Set Here For Zone Changes

The Planning Commission of Murray has recommended several changes to be made in Zoning Ordinance 333 of the city and an advertisement to that effect has been published.

A hearing has been set at the city hall for Friday, November 6 at 7:00 p.m. in order that the public may be given an opportunity to express themselves on the issues.

The first change recommended by the commission involves all of the residentially zoned area bounded by North 16th street and North 18th street and West Main and College Farm Road. This area is now zoned residence-1. The commission recommends that it be changed to residence-2. The change would not affect any of the area now zoned business.

The other change recommended by the commission would be placing the John Ryan property at Seventh and Poplar into the business zone. This would affect only the north half of the Ryan property with that facing Elm remaining residential.

The other three corners at the intersection of Seventh and Poplar into the business zone. This would affect only the north half of the Ryan property with that facing Elm remaining residential.

Legal Battle Shapes Up To Block Enactment Of Issue

LOUISVILLE (UPI) — The controversial veterans bonus amendment headed for an apparent victory with returns from Tuesday's election trickling in from late-reporting eastern Kentucky counties even as a legal battle was shaping up to block enactment of the stormy issue.

The latest tabulation from 3,575 of the state's 3,764 precincts showed 302,214 approving votes to 272,769 against the amendment that would pay bonuses to veterans of four wars and be financed by a 30-year sales tax.

Even as the votes were being counted, one of the strongest opposition groups to the amendment—Associated Industries of Kentucky—said through a spokesman it would ask its attorney what legal action to take to fight it in court.

I the state approves the amendment it will be one of the first to authorize payment at one time of up to \$500 bonuses of veterans of four wars—the Span-

Time Running Out For Bonus For Billboard-Free Highways

By JOSEPH HUTNYAN
United Press International
WASHINGTON (UPI) — Time is running out for states interested in cashing a multi-million dollar bonus offered by the federal government to keep new highways free from unsightly advertising.

The Bureau of Public Roads reported today that with the deadline only eight months away, just three states have enacted laws complying with federal standards for restricting outdoor advertising.

And these three — North Dakota, Connecticut and Wisconsin — still lack the administrative machinery necessary to qualify for the extra dividend under the federal interstate highway program.

In the Mid-Atlantic area, most of the states are a long way from collecting the extra cash.

Paducah Election To Wind Up In The Courts

PADUCAH (UPI) — Paducah's hotly contested election for mayor, apparently will wind up in the courts.

Incumbent Mayor Robert Cherry defeated Richard Fairhurst by a narrow 16-votes margin in the city's 27 precincts. The vote was 4,238 for Cherry to 4,222 for Fairhurst.

Fairhurst Wednesday requested a check of two city voting machines, but attorney John Blackburn, a Cherry supporter, challenged the defeated candidate's right to select a few machines for a spot check.

Blackburn contended that for a re-check the law requires the integrity of voting machine was "violated and destroyed because Sheriff D. C. Tucker had custody of the keys to the machines all in violation of law."

Election Commissioner Jim Munn, who had one of the three keys to the box in which all of the election machines were kept, refused to relinquish it.

Judge Warren Eaton issued a "forthwith summons" Wednesday afternoon, ordering Munn's appearance at 9 a. m. CST, today.

"All that we have asked is that they check the tally, and if it is right that is it. We are not contesting, but in an election that close, we would like to check the tally," Fairhurst said.

He is a native of Calloway County.

Runaway Child Star Is Found

By NORMAN G. CORNISH
United Press International
WASHINGTON (UPI) — Nine-year-old Evelyn Rudie, the "Eloise" of television fame who ran away from home on a jet airplane to promote her acting career, was supposed to spend a quiet day today "like ordinary little girls."

A family friend, Mrs. Jacob Mogelev, said the youngster probably would be going back to Los Angeles within a day or two, apparently without fulfilling one of her cross-country trips.

Evelyn wanted to see Mrs. Mamie Eisenhower to get help in boosting her acting career. But Mrs. Mogelev said there were no plans to seek an appointment for her at the White House.

The blonde youngster arrived here Wednesday. She had taken \$150 from three piggy banks sneaked away from home while her parents were asleep and boarded the plane for the East Coast.

Evelyn, distressed because she had been unable to get choice roles lately after her spectacular TV success as "Eloise," admitted the reason for her escape was to obtain publicity.

Mrs. Mogelev said she did not know yet whether Evelyn's parents, Mr. and Mrs. Emery J. Bernauer, would come here to take her back.

"We may just put her on an airliner for home by herself," she said.

In the meantime, Mrs. Mogelev said, "we're going to try and keep everything quiet. Evelyn is going to do things just like ordinary little girls."

Four Cases Heard In Traffic Court

Four cases were heard Tuesday night in City Traffic Court. One case was protested and a decision will be made at a later date.

The other three cases are as follows:

Jerry Max Bogness, reckless driving reduced to unnecessary noise, fine \$10.00.

Ralph Wade Black, unnecessary noise, fine \$10.00.

Milton Dale Donaldson, reckless driving, reduced to unnecessary noise, and passing a stop sign, fine \$12.00.

Cases have dropped perceptibly since the inception of the night traffic court.

Racketeer Shot Dead In New York

NEW YORK (UPI) — A convicted Brooklyn policy racketeer was murdered Wednesday night by two masked gunmen who wounded him on a busy street and then calmly followed him into a tavern to finish the job.

The victim, Frank (Frankie) Abbate, 59, was hit in the face and stomach with a total of eight bullets. He died in a hospital without regaining consciousness.

Abbate, who was reported to be the head of a million-dollar policy ring, was in a tavern chatting with his bartender, cousin, Anthony Cardillo shortly before 8 p.m.

When he left the tavern two masked gunmen stepped out of a parked car and confronted him. Abbate made attempt to flee and the gunmen opened fire.

The wounded racketeer staggered back into the tavern. The assassins followed him with guns blazing.

Cardillo and the bar's only patron dived behind the bar while the gunmen stalked the bleeding Abbate.

When Abbate fell on the

The Calloway County Homemakers Organization will hold its annual day on Friday, November 6, at the Murray Woman's Club House beginning at 10 a.m.

Mrs. Bertha McLeod, who attended the County women of the World meeting held in Scotland last summer, will be the guest speaker. She is the home demonstration agent for Fulton County.

The county president, Mrs. Lowell Palmer, urges all homemakers to attend and also invites visitors.

Fish Research

STANFORD, Calif. — (UPI) — Fish are just as sensitive as humans to stimulants and sedatives, according to a report issued by a team of Stanford Medical School researchers.

Tests on guppies, goldfish and blind fish from Mexico showed that sedatives caused the fish to become so sluggish they could easily be scooped out of the water by hand. Stimulants kept them racing about in erratic patterns.

(Although this is addressed to Chevrolet owners, we'd be glad to have you read it, no matter what make you
now own or plan to buy. It might well be as interesting and significant to you as to the Chevrolet owner.)

TO THE MORE THAN 16 MILLION PEOPLE WHO OWN CHEVROLETS

The first and the latest—the 1912 and the 1950 Chevrolet. The progress represented here is the result of contin-
uing efforts to make your new Chevrolet always more beautiful, more useful and more valuable in every respect.

You belong to the largest family of
owners in the automotive world.
We hope you're proud of that. It
must give you great satisfaction to
know that your judgment in choosing
Chevrolet has been confirmed by so
many other people.

We know that we can hold your
preference and your loyalty only by
meeting our responsibilities to you
fully and completely from the day
you buy your Chevrolet to the day
you trade it in. And so we'd like to
talk with you about our responsi-
bilities as we see them, and what
we are doing to meet them.

Our first responsibility, we think,
is to design and build products
that satisfy your needs and your
wishes to the highest possible degree.
To that end, we have done these
things for 1959:

More than 1,000 Chevrolet cars, 1,000

nomical, roomier, more quiet and com-
fortable, easier to handle and maneuver.
Introduced the compact and revolu-
tionary Corvair. Produced a new line
of Chevrolet trucks with unprecedented
advances in efficiency, cargo handling,
driver comfort and ability to get a job
done.

But it isn't enough to design and
build the kinds of products you want.
They must be built right. Solidly.
Carefully.

Let us assure you of this: Chev-
rolet's fine reputation as a solid, well-
built, dependable product is being safe-
guarded by the strictest quality control
and tests, then ever before.

Along with your Chevrolet dealer,
we want you to have available the
finest and most complete service
facilities. That is why we conduct
training schools for Chevrolet dealer
mechanics, study and recommend im-

proved service equipment and tech-
niques. Maintain the industry's most
complete parts warehouse system.

Finally, neither Chevrolet nor your
Chevrolet dealer has any intention
of forgetting you after you buy. To
help keep you happy with your Chev-
rolet, we have established a depart-
ment new to us, and so far as we
know, new to the automobile indus-
try. This is the Chevrolet Department
of Owner Relations, whose only job is
the coordination of Chevrolet and Chev-
rolet dealer activities so that you enjoy
utmost satisfaction during your entire
period of ownership. Through this
other extraordinary step we are
taking, Chevrolet and your Chev-
rolet dealer hope to keep you a happy
member of the Chevrolet owner
family.

Syracuse And LSU Expected To Limit Opponents To Big Hello

NEW YORK (AP) — It will be
surprising if Syracuse and Louisi-
ana State give Penn State and
Tennessee much more than a "big
hello" in their football games Sat-
urday.

That's about the only thing shows
Syracuse leading the nation's major
colleges in total defense. The
New York state team has allowed
its opponents a total of 373 yards,
an average of 95.8 yards per game.

Syracuse also is far ahead in rush-
ing defense, allowing less than a
yard per play 134 yards in 106
tries for a 22.3-yard average.

Penn State's 1947 team is the
only one that has bettered Syra-
cuse's current defensive accom-
plishments. In that year, Penn
State held all rivals to an average
of 64 yards a crack and threw
back three opponents with minus
yardage. Syracuse, incidentally, was
one of the three winding up with
minus 107.

It doesn't figure to happen that
way Saturday when Syracuse
throws the top major college of-
fense (432.3 yards per game) and
defense against Penn State.

Tennessee faces a similar stone-
wall in Louisiana State LSU, with
the longest current major college
winning streak (19), has given up
three field goals in sweeping seven
games this season but has denied
touchdowns to all 1969 opponents.

This is the best scoreless defense
five record since Tennessee went
unscathed on through the entire
1938 campaign.

LSU is runnerup to Syracuse in
both total and rushing defense.
The Tigers have given up 1,005

yards for an average of 143.6 yards.
Of this total, LSU opponents gained
584 or an average of 83.4 yards
per game by rushing.

LSU has replicated Yale as the
scoreboard leader, allowing a total
of nine in seven games for a 1.3-
point average. Mississippi, beaten
7-3 by LSU last Saturday night, is
second with 14 points allowed in
seven starts for a 2.0-point average.
Yale has allowed 12 in six for a
2.0 average.

Alabama strengthened its grip on
the forward pass defense leader-
ship, allowing six rivals 301 air
yards for a 50.2-yard average. Mis-
sissippi, third in total defense be-
hind Syracuse and LSU, was sec-
ond with a 33.4-yard average. Mon-
tana was third with a 34.0-yard
average.

Arizona State University held
the team punting leadership for
the first straight week with a 46.5-
yard average on 23 boots. Brigham
Young was second with a 43-yard
average on 36 kicks.

TOOK A DRIVE—Danny Pin-
chera, 3, plays with one of
his main loves, an auto, in
Detroit, probably not bother-
ed at all by the fact that
he ran the family car into
River Rouge (lower). He
climbed in, apparently re-
leased the brakes, and down
the street and on into
the river she rolled. His
mother Sylvia, 25, expecting
another child in December,
rescued him, then went to a
hospital for shock treatment.

an Who Has Everything Carries In Briefcase

By KARL H. MACK

United Press International

FRANKFURT, Germany — (UPI) — If you want to get ahead in Germany, get a briefcase.

It doesn't really matter what is up in it — a pack of sandwiches, the day's racing form, a spare pair of shoes, even a newspaper. But the carrying of a brown leather briefcase has become a true symbol of success in post-war West Germany.

Almost everybody carries one. A streetcar driver, jumping from his vehicle after work, picks up his briefcase and strolls off. A policeman, going off duty, trades in his revolver and nightstick for a briefcase.

School children yearn for the day when they are old enough to trade their shoulder-satchels for the more adult briefcase. Teenagers only feel they are "accepted" by their friends when they carry one.

Girls as well as boys carry them. In many cases, German girls would rather carry a briefcase than a pocketbook.

What Germans stuff into their briefcases is a major mystery to foreigners. Only about one in ten actually uses the article for the purpose for which it was intended — carrying business papers.

Husbands take home the shopping in them. Bachelors take their dirty shirts to the laundry in them. Garage mechanics carry spare parts in them. And thousands of office-workers arrive importantly at work in the morning with a briefcase containing sandwiches, some fruit and a beer bottle full of cold tea.

The briefcase has become such a social symbol here that Germans won't part with theirs. Travelling on a train, the commuter clutches his briefcase tightly while he opens his newspaper. Lunching downtown he leans it carefully against the leg of the restaurant table.

Sometimes briefcases contain surprises. A Frankfurt businessman raised eyebrows recently by stopping in the middle of a sudden shower to take a folding umbrella from his briefcase.

So many briefcases are now appearing on city streets that wise-crackers are claiming the best way to get a job is to buy a new one — even if you don't put anything in it.

COURAGEOUS—Sister Brian Brennan, 29, Pittsburgh, Pa., has not been able to strike this prayer pose for nearly a year. The nun lost her arm in an accident last February. After a number of visits to the Rehabilitation Institute at New York University Bellevue Medical Center, Sister Brian has learned to use her artificial hand to dress herself, tie shoe laces and carry trays.

TELLS OF 6-DAY TERROR—Kidnap victim Sharon Simmons, 14, of Nobleboro, Maine, recounts her six days of terror to the authorities in Lyndonville, Vt. New York State police have identified an overturned car in Petersburg, N.Y., as belonging to her reported abductor, Rodney Austin, an ex-convict of Newcastle, Me.

Charter Members Give 32 Years Review Of Club

Thirty-two years were reviewed in drama and photographs by charter members of the Delta Department of the Woman's Club at the club house last night. A donation to "Care" was made in a candle light service and a plea for concerned action for better educational facilities in Kentucky was made.

Mrs. C. B. Ford, president, conducted the business. Miss Lorene Swann, secretary, read the minutes and correspondence. Mrs. Cook Sanders was appointed chairman of the physically handicapped committee.

Mrs. Harry Sparks spoke on "School Facts Every Kentuckian Should Know" and distributed booklets of that title to each one. She urged the Delta to be concerned about the educational standards, know the facts, and use their influence to see that the next legislature makes a financial appropriation sufficient to adequately finance the program.

Mrs. Jo Nell Rayburn spoke on the need for CARE packages and placed a collection basket on a candle-lighted table. Mrs. Roy Farmer played "Count Your Blessings" on the piano as the group made money donations that amounted to about \$12.00.

Miss Ruth Sexton, program chair-

man, introduced Mrs. George Hart as the narrator of the charter member drama. Mrs. Hart and Mrs. Ronald Churchill have maintained membership in the club since its beginning in 1927. The first one in three scenes — the first one in Mrs. Hart's home where she and Mrs. W. Z. Carter planned the department. The second scene was in Mrs. Carter's home when the rules, names and officers were selected. No person belonging to the Woman's Club already was to be a member of the Delta — the name indicating the fourth department of the Woman's Club. There was to be no blackballing — a practice that has held Mrs. Carter as the first president, Mrs. Ronald Churchill was vice president, and Mrs. Herman Doran was secretary-treasurer.

The third scene was in the J. D. Sexton home with Miss Sexton taking the part of her mother, Mrs. Myrtle Wall played the part of Mrs. Will Mason who was president at the time. The installation service was conducted by Mrs. Mason.

Other charter members present and dressed in 1927 costumes included Miss Evelyn Linn, Mesdames Roy Farmer, Foreman Graham, and Kelly Dick. Miss Virginia Hay, Mrs. Elaine Mitchell, Mrs. Donny Copton Tarver, Mrs. Lamar Farley, Mrs. Charlie Grogan, Mrs. Ronald Churchill, Mrs. Herman Doran, and Mrs. Wynona Jenkins were not present.

The last scene was a review of the club's activities and participation with the General Woman's Club. This review was done by pictures projected onto a screen.

Hostesses were Mesdames Wells Purdon, Wilbur Outland, and Mrs. F. E. Crawford who served seasonal desserts.

Down Concord Way

The population of Concord increased by one last Sunday morning when little Anthony Lane McClure was born to Mr. and Mrs. Floyd McClure.

Plans are being made for the last High School reunion at New Concord on November 28. Pat Blalock is to be master of ceremonies and Hardiman Hendon is to lead devotional after which an informal luncheon and get together will follow, with all former teachers and students invited.

Congratulations to Sheriff Cohen Stubblefield for his recent "crack down" on the gravel spammers who use Concord for turn tables for cars. Maybe by the time a few windshields, gas tanks, and store fronts have been paid for by the offenders, they will decide their audience is not so appreciative.

We are glad to hear that Porter Holland is at home recuperating from a rifle wound in the heel.

Mr. and Mrs. Ed Lewis appreciated the lovely fall weather Sunday which encouraged so many people including Mrs. Nancy Hicks and old neighbors, Mrs. West Cook, Clarice, and husband to visit them.

Mrs. Sally Livesay of Chicago visited her sisters, Mary and Maude Nance last week.

Halloween carnivals at schools have been successful, Hazel High School was especially so.

Mrs. Ratliff Paschal entertained the Henry County teachers at Paris last Tuesday evening with a report about her trip to N. E. A. Convention in St. Louis. Some Paris doctors added to the interesting Teachers Meet-

ing by a discussion heart trouble. With all people who take Farm Journal read the unusual article, "Why Shouldn't Funerals charge?" A wife tells how her husband hated the "dressing up" of a dead person for exhibition and the bereaved family being a public target, so when he died, she defied custom dressed him in his worn suit, had the immediate family go with her to the cemetery, then following Sunday had a Memorial service—very sensible.

The expression "O.K." stems from the reelection campaign of President Martin Van Buren in 1840, when he was supported by the "O.K. Club" of Old Kinderhook, N.Y., his birthplace.

LOST ON FLIGHT IN CUBA—A fighter plane carrying Maj. Camilo Cienfuegos (above), Cuban revolutionary army commander, is missing and feared to have crashed in central Cuba. With him were three other persons. The airplane vanished while en route from Camaguey to Havana.
